

Parth Jagani

SOFTWARE DEVELOPER

I am an experienced React Native Developer specializing in building cross-platform mobile applications with JavaScript, TypeScript, and Redux for efficient state management. Proficient in integrating Firebase services (Authentication, Firestore, Realtime Database, and Storage) and REST APIs, I also have expertise in payment gateway integration, delivering secure and scalable solutions. I focus on writing clean, maintainable code and creating high-performance, user-friendly apps with optimized UI/UX. A strong problem-solver and collaborative team player, I thrive in delivering projects on time while maintaining quality, and I continuously learn and adapt to the latest tools and best practices in mobile app development.

PROFESSIONAL SUMMARY

- **Core Expertise:** Experienced React Native Developer skilled in building cross-platform mobile applications using JavaScript, TypeScript, and Redux (Redux Toolkit, Thunk, Persist).
- **Backend & Integrations:** Proficient in Firebase services (Authentication, Firestore, Realtime Database, Storage) and REST API integration, ensuring dynamic and real-time app functionality.
- **Payments & Security:** Hands-on experience with payment gateway integration, delivering secure and reliable transaction systems.
- **Code Quality:** Focused on writing clean, maintainable, and scalable code following best practices for mobile app development.
- **Performance & UI/UX:** Strong ability to optimize app performance and design user-friendly, responsive, and visually appealing interfaces.

SKILLS

Technical Skills: React Native, REST APIs, Firebase, JavaScript, TypeScript, Git, Mobile Development

Soft Skills: Communication, Teamwork, Problem-solving, Adaptability, Time management, Creativity, Leadership, Mentorship, Client Focus, Detail-oriented

Core Competencies: Software Development Lifecycle Management, Cross-Platform Mobile Development, Problem Solving & Solution Design, Team Collaboration & Communication, Client Requirement Analysis & Translation

WORK EXPERIENCE

Freelancer

[01/05/2025- CURRENT]

React Native Developer

Experienced React Native Developer skilled in building cross-platform mobile apps using JavaScript, TypeScript, Redux, and Firebase. Proficient in REST APIs and payment integration, with a focus on delivering high-performance, user-friendly, and scalable solutions. A collaborative team player, committed to clean code, continuous learning, and contributing to innovative projects.

- Committed to staying current with the latest technologies, tools, and industry best practices in mobile app development.
- Collaborative team player with strong communication skills, experienced in working with cross-functional teams to deliver successful projects.
- Enthusiastic about contributing to a company's vision by creating innovative, high-performance mobile applications.
- Skilled in JavaScript, TypeScript, Redux (Toolkit/Thunk/Persist) with expertise in Firebase, REST APIs, and payment integration.
- Focused on writing clean, scalable, and maintainable code, ensuring long-term stability and performance.

Artistry Solutions

[01/05/2024 - 01/05/2025]

React Native Developer

Experienced React Native Developer skilled in building cross-platform mobile apps using JavaScript, TypeScript, Redux, and Firebase. Proficient in REST APIs and payment integration, with a focus on delivering high-performance, user-friendly, and scalable solutions. A collaborative team player, committed to clean code, continuous learning, and contributing to innovative projects.

- Proficient in the complete software development life cycle, utilizing languages such as JavaScript, TypeScript.
- Collaborative team player with strong communication skills, adept at working with crossfunctional teams.
- Detail-oriented with a commitment to delivering high-quality, error-free mobile applications.

Proexelancers

[15/07/2022 - 30/04/2024]

React Native Developer

Experienced React Native Developer skilled in building cross-platform mobile apps using JavaScript, TypeScript, Redux, and Firebase. Proficient in REST APIs and payment integration, with a focus on delivering high-performance, user-friendly, and scalable solutions. A collaborative team player, committed to clean code, continuous learning, and contributing to innovative projects.

- Developed cross-platform mobile applications for iOS, Android, meeting customer specifications and ensuring high satisfaction.
- Improved app efficiency by recommending and implementing changes, with a focus on upgrading existing applications for enhanced functionality.
- Specialized in corporate and industrial app development, tailoring solutions to meet business needs.

Remote Internship
React Native Developer

[01/02/2022 – 01/07/2022]

Contributed to the development of cross-platform mobile applications using React Native, focusing on building scalable and user-friendly features. Worked closely with mentors and senior developers to implement Firebase services, REST APIs, and UI components. Gained hands-on experience in debugging, app performance optimization, and deployment processes. Actively participated in an Agile environment, collaborating in sprint planning, stand-ups, and code reviews. Strengthened problem-solving and teamwork skills while delivering quality solutions aligned with client and project requirements.

- Cross-Platform Development: Developed and deployed mobile applications for both iOS and Android, meeting customer specifications and ensuring high satisfaction.
- App Optimization: Improved app efficiency by recommending and implementing performance upgrades, resulting in enhanced functionality and user experience.
- Business-Oriented Solutions: Specialized in corporate and industrial app development, tailoring solutions to meet unique business requirements.
- Remote Collaboration: Strong experience working with distributed teams, ensuring seamless communication and delivery.

EDUCATION

Sutex Bank College of Computer Applications and Sciences

[01/06/2019 – 01/04/2022]

Bachelor of Computer Applications

PROJECTS

Helth Care Management app

The Health Care Management App is a comprehensive solution designed to streamline patient care, hospital management, and medical record tracking. It allows users to book appointments, access digital health records, receive reminders, and consult doctors online. The app integrates features for staff management, inventory tracking, and billing to optimize hospital operations. Built with a focus on user-friendly UI, security, and real-time data management, it ensures efficient communication between patients, doctors, and administrative staff, improving overall healthcare service delivery.

Educational App

The Educational App is designed to provide an interactive and engaging learning experience for students of all ages. It offers online courses, video tutorials, quizzes, and progress tracking, enabling personalized learning at each user's pace. The app supports real-time doubt clearing, notifications, and performance analytics to enhance learning outcomes. With a focus on user-friendly design, seamless navigation, and accessibility, it empowers students to learn anytime, anywhere while helping educators manage content, assignments, and assessments efficiently, making education more effective and technology-driven.
